## SUMMARY

I constantly seek to engage my knowledge to learn something useful and keep challenging myself to be a better performer per the company's requirements. Good and quick learner, team player, loves to learn new things, and flexible with different technologies.

## EDUCATION

Bachelor Of Technology	07/2021 - 06/2025
KSRM College Of Engineering	Kadapa
CGPA   8.6 / 10.0	
Intermediate	08/2019 - 06/2021
Sreenivasa Junior College	Kalikiri
Score   821 / 1000	
Secondary School Education	06/2018 - 07/2019
Z.P. High School	Kothamanchuru
GPA   9.2 / 10.0	

## PROJECTS

### Real-Time People Counting and Tracking by using NVIDIA Jetson Nano

**Abstract:** My project develops a real-time people counting and tracking system utilizing NVIDIA Jetson's powerful edge AI computing platform. By leveraging deep learning-based computer vision techniques, the proposed system accurately detects and counts individuals in various environments.

### A CRM Application for Laptop Rentals

This project aims to develop a Customer Relationship Management (CRM) application specifically designed for the laptop rental industry. The primary goal is to streamline the process of delivering rental laptops efficiently while enhancing customer engagement. By incorporating effective and personalized email outreach, the system will support stronger customer relationships and promote long-term business success.

## INTERNSHIPS

ExcelR	05/2024 - 07/2024
Prompt Engineering with ChatGPT	
Smart Interz	11/2024 - 01/2025
Salesforce Developer Virtual Internship	

## Declaration

I hereby that the information stated above is true to the best of my knowledge.

Maruboyani Govardhan

## TECHNICAL SKILLS

### Programming Languages

Java, Python Basics

### Frontend Technologies

HTML, CSS

### Backend Technologies

Spring Boot

### Databases

MySQL

### Tools & Platforms

Postman, Eclipse, Spring Tool Suite (STS), VS Code

## STRENGTHS

### Adaptability and Continuous Learning

Skilled in adapting to new challenges and technologies with a focus on achieving optimal solutions.

### Positive Attitude & Resilience

Consistently maintains a positive, solution-focused mindset when tackling complex challenges, ensuring steady progress in both individual and collaborative projects.

### Teamwork

Collaborative and supportive team member, contributing to group success while respecting others' ideas and opinions.

## CERTIFICATIONS

### Cloud computing (NPTEL)

### Design and Analysis of VLSI Subsystems (NPTEL)

### Data Science for Beginners
